EDUCATION

RE: Trade and Correspondence Schools - License

Pursuant to your request of October 7, 1958, please be advised that it is the opinion of the Attorney General that a school such as the National Business School of Rapid City, South Dakota is included in the definition of private trade and correspondence schools as defined in section 15-5001 of the North Dakota Revised Code of 1943. Accordingly, it is necessary for that school to obtain a license from your department before soliciting students in North Dakota.

LESLIE R. BURGUM

Attorney General
